RE: Northern Natural Gas
Northern Lights 2025 Expansion
Docket No. CP24-60-000
Notice Start of Construction – Farmington to Hugo C-line and Elk River 3rd
Branch Line

Dear Ms. Reese:

In accordance with Ordering Paragraph B(2) of the Order Issuing Certificate and Approving Abandonment issued February 19, 2025, by the Federal Energy Regulatory Commission (Commission) and Section 157.20(c)(1) of the commission's regulations, Northern Natural Gas (Northern) hereby submits for filing in the above-referenced docket its notice of the start of construction.

On April 24, 2025, Northern commenced construction activities on the Farmington to Hugo C-line and the Elk River 3rd branch line.

Please note, on the notice providing start of construction filed April 23, 2025, for the Lake Mills to Albert Lea E-line, Northern inadvertently referenced the Order Issuing Certificate issued September 25, 2023, and should have referenced the Order Issuing Certificate and Approving Abandonment issued February 19, 2025. Northern apologizes for any inconvenience this may have caused.

Any questions regarding this filing should be directed to the undersigned at (402) 398-7138.

Respectfully submitted,

/signed/ Donna Martens
