RE: Northern Natural Gas  
Northern Lights 2025 Expansion  
Docket No. CP24-60-000  
Request In-service – La Crescent Compressor Station Modifications

Dear Ms. Reese:

Pursuant to Condition 10 of the Federal Energy Regulatory Commission's Order Issuing Certificate and Approving Abandonment issued February 19, 2025, in the above-referenced docket, Northern Natural Gas (Northern) hereby submits its request to place the modifications at the La Crescent compressor station in service. The modifications were installed, commissioned and are mechanically ready to operate. All construction activities occurred within the compressor building requiring no ground disturbance and no subsequent restoration. Northern has attached photographs showing the compressor station yard.

Based upon the information provided herein, Northern respectfully requests the Director of the Office of Energy Projects issue written approval to place the modifications at the La Crescent compressor station in service.

Any questions regarding this filing should be directed to the undersigned at (402) 398-7138.

Respectfully submitted,

/signed/ Donna Martens
