Re: Northern Natural Gas Company
Docket No. CP26-130-000
Ventura to Farmington A-line Abandonment and Capacity Replacement (V2F) and Northern Lights
2027 Expansion (NL27) Projects
Updated Stakeholder and Landowner Mailing Lists

Dear Ms. Reese:

Northern Natural Gas Company (Northern) submits for filing with the Federal Energy Regulatory Commission (FERC) in the above-referenced docket updated stakeholder and landowner mailing lists. The mailing lists are provided as Microsoft Excel files.

Please note the landowner list has two tabs: Master Project and Master Abandonment. The Master Abandonment listing provides only those landowners on whose property the A-line and J-line will be abandoned in place (V2F project). The Master Project list includes the affected landowners for the pipeline extensions and aboveground appurtenant facilities, including the disconnect locations for the A-line abandonment, for the V2F and NL27 projects. The updates are color coded as follows for your convenience.

- Light blue highlight are deleted stakeholders/landowners
- Light green highlight are new stakeholders/landowners
- Yellow highlight are revised addresses/contacts with the revisions in red font

The landowner mailing list contains confidential information regarding landowner names and addresses and has therefore been segregated and labeled "**CUI//PRIV --- DO NOT RELEASE (PRIVILEGED).**" Pursuant to 18 CFR section 388.112, Northern requests confidential and privileged treatment of the landowner mailing list due to the confidential nature of the contents.

The person to be contacted regarding the request for privileged and confidential treatment is as follows:
