RE: Northern Natural Gas Company
Docket No. RP25-_____
Update Pro Forma Service Agreements

Dear Ms. Reese:

Northern Natural Gas Company (“Northern”) hereby submits a filing for Northern’s FERC Gas Tariff, Seventh Revised Volume No.1, proposed to be effective April 1, 2025:

SEVENTH REVISED VOLUME NO. 1

Part 9, Section 1, Version 1.0.0
Part 9, Section 2, Version 1.0.0
Part 9, Section 3, Version 1.0.0
Part 9, Section 4, Version 1.0.0
Part 9, Section 5, Version 1.0.0
Part 9, Section 6, Version 1.0.0
Part 9, Section 7, Version 1.0.0
Part 9, Section 9, Version 1.0.0

Reason for Filing

Northern submits for approval the addition of foreign entity provisions to the firm and interruptible throughput, storage, and interruptible liquefaction and delivery service pro forma service agreements. The foreign entity provisions detail the requirements for a shipper domiciled in a foreign country that desires to enter into a service agreement with Northern. Foreign entity provisions were submitted for approval in two separate filings for non-conforming service agreements in Docket Nos. RP25-12-000 and RP20-987-000

that the Commission accepted in Letter Orders dated October 17, 2024, and July 21, 2020, respectively. Northern is adding the foreign entity provisions to the pro forma service agreements to allow it and its foreign entity customers to enter into self-implementing service agreements without the need to file those agreements as non-conforming. Upon approval, these customers may take immediate action to enter into short-term and daily transactions which are not available to them when a 30-day filing is required.

The foreign entity provisions are necessary to ensure that Northern is able to enforce service agreements in the United States. The foreign entity provisions will not be included in the service agreements of shippers domiciled in the United States. The foreign entity provisions do not affect the quality of service to a foreign entity or Northern's other customers.

All of the sections related to the base pro forma service agreements were updated to add “paragraph numbering and order” at the top of the pro forma service agreements to advise that the paragraph numbering and order may vary in the placement on the page of a service agreement.

Waivers

Northern respectfully requests that the Commission grant any and all waivers of its Regulations that it deems necessary to allow the tariff sections to become effective on April 1, 2025.

Posting

Northern has served an electronic copy of this filing upon its customers and interested state regulatory commissions.

Marked Version

In accordance with section 154.201 of the Commission’s Regulations, Northern submits herewith a marked version of the proposed tariff changes highlighting new additions and showing deletions by strikeout.

Motion

In accordance with Sections 154.7(a)(9) and 154.206(c) of the Commission’s Regulations, Northern hereby moves to place the tariff sections referenced herein in effect as of the end of any suspension period ordered by the Commission.
