**Revised Response:**

Northern understands and accepts Condition 15 of the Order.

Archeological crews mobilized March 25, 2019, to complete cultural resource surveys on the unsurveyed properties. Northern will file an addendum to previously filed cultural resources reports with the new survey results with FERC and Minnesota State Historic Preservation Office and expects to file the results with FERC no later than the end of April 2019.

Northern also will file the SHPO's comments on the addendum.
