Re: Approval of Variances for the Rochester Greenfield Lateral

Dear Mr. Loeffler:

In compliance with environmental condition 5 of the Commission's February 21, 2019, *Order Issuing Certificate* (Order) for Northern Natural Gas Company's (Northern) Northern Lights 2019 Expansion and Rochester Projects, I approve the requested variances for modifications to the pipeline alignment, permanent right-of-way boundary, and additional temporary workspaces from approximately mileposts 4.8 to 5.4 of the Rochester Greenfield Lateral, filed May 23, 2019, for full construction.

In considering these approvals, we have reviewed your Implementation Plan, filed on February 27, 2019, along with your supplemental filings of March 13 and 27, 2019; April 4 (refiled on April 5) and 19, 2019; and May 16, 2019. In addition, we have confirmed the receipt of all federal authorizations relevant to the approved activities herein.

I remind you that Northern must comply with all applicable remaining terms and conditions of the Order. If you have any questions regarding this approval, you may contact me at 202-502-8130.

Sincerely,

Julia Yuan
Environmental Project Manager
Division of Gas – Environment
and Engineering
