Re: Approval of Nighttime Construction for the Faribault Compressor Station

Dear Mr. Loeffler:

In compliance with environmental condition 1 of the Commission's February 21, 2019, *Order Issuing Certificate* (Order) for Northern Natural Gas Company's (Northern) Northern Lights 2019 Expansion and Rochester Projects, I approve the requested variance for nighttime construction at the Faribault Compressor Station, filed May 30, 2019.

In considering this approval, we have reviewed your Implementation Plan, filed on February 27, 2019. In addition, Northern is committed to contacting adjacent landowners and mitigating noise and light impacts from nighttime construction.

I remind you that Northern must comply with all applicable remaining terms and conditions of the Order. If you have any questions regarding this approval, you may contact me at 202-502-8130.

Sincerely,

Julia Yuan
