Re: HDD Modification for the Northern Lights 2021 Expansion Project

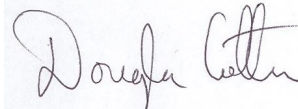

Dear Mr. Loeffler:

I grant your August 27, 2021 request for Northern Natural Gas Company (Northern) to reverse the direction of the HDD operation on the Carlton Interconnect Loop for the Northern Lights 2021 Expansion Project.

In considering your request, I have determined that your request provides the information necessary to meet environmental condition number 1 of the Commission's May 20, 2021 *Order Issuing Certificate and Approving Abandonment* (Order) issued to Northern in Docket CP20-503-000. In addition, I have confirmed the receipt of all federal authorizations relevant to the approved activities herein.

I remind you that Northern must comply with all applicable remaining terms and conditions of the Order. If you have any questions, please call me at (202) 502-6590.

Sincerely,

Douglas Cotton
Environmental Protection Specialist
Division of Gas – Environment and
Engineering
