Re: Northern Natural Gas Company  
Northern Lights 2023 Expansion  
Submission of Response to RFP for a Third-Party Consultant to Assist Commission  
Staff's Preparation of an Environmental Impact Statement  
Docket No. CP22-138-000

Dear Ms. Bose:

Northern Natural Gas (Northern) submits for filing with the Federal Energy Regulatory Commission (FERC) responses received to Northern's second Request for Proposal (RFP) from three parties seeking to become a third-party consultant to act on behalf of FERC staff and assist in preparation of the environmental documents in the above-referenced docket.

On May 23, 2022, Northern resubmitted an RFP to potential parties, after its initial prospect for a third-party consultant filed April 5, 2022, was rejected by FERC due to a conflict of interest. Attached are the documents provided by Edge Engineering and Science, LLC; Insignia Environmental; and Providence Engineering & Environmental Group, LLC supporting their bids. Due to the proprietary nature of the information supplied by the parties, the documents have been segregated and labeled "**CUI//PRIV --- DO NOT RELEASE (PRIVILEGED).**" Pursuant to 18 CFR § 388.112, Northern requests confidential and privileged treatment of the documents.

The person to be contacted regarding the request for privileged and confidential treatment is as follows:
